

BHUVAN NARASIMHA MURTHY

COMPUTER NETWORKS & COMPUTER SCIENCE STUDENT

Profile

Fourth-year Bachelor of Engineering (Computer and Network Engineering) (Honours) and Bachelor of Computer Science student at RMIT University with a 3.0 GPA, expected to graduate at the end of 2027. Skilled in Python, Java, C++, JavaScript, and TypeScript, with hands-on experience developing software, web applications, and algorithmic solutions. Strong analytical and problem-solving mindset supported by leadership experience in fast-paced operational environments. Seeking internship opportunities in network engineering, software development, or systems-focused roles.

PROJECTS

WEB APPLICATION DEVELOPEMENT | UNIVERSITY PROJECT

- Designed and developed a dynamic web application using JavaScript and SQL
- Implemented both frontend and backend functionality
- Built the application from scratch to demonstrate interactive data handling
- Achieved the highest mark in the cohort

MINECRAFT API DEVELOPEMENT | UNIVERSITY PROJECT

- Collaborated in a team to design and develop a C++ based API
- Implemented recursive maze generation algorithms
- Developed pathfinding logic using A* algorithm
- Built automated maze construction and solving functionality
- Applied algorithmic thinking and structured problem-solving techniques

PERSONAL SOFTWARE PROJECTS

- Developing React-based applications to strengthen frontend development skills
- Built a Todo List application using React
- Continuously expanding knowledge of modern frameworks and tools

RELEVANT COURSEWORK

- | | |
|-------------------------------------|---------------------------------|
| • Software Engineering Fundamentals | • Javascript Programming Studio |
| • Algorithms & Analysis | • Signals and Systems |
| • Network Fundamentals | • Essentials of computing |
| • Embedded System Design | • Communication Engineering |
| • Machine Learning | • Java Programming Bootcamp |
| • C++ Programming Bootcamp | • C++ Programming Studio |

WORK EXPERIENCE

ALDI - RELIEVING SHIFT MANAGER - MARCH 2024 - NOVEMBER 2025

- Oversaw daily store operations in the absence of senior management
- Supervised team performance and delegated tasks
- Managed cash handling, store procedures, and issue resolution
- Maintained high standards of customer service

ALDI - WAREHOUSE OPERATOR - NOVEMBER 2025 - PRESENT

- Performed order picking and stock preparation for dispatch
- Maintained Accuracy and productivity targets
- Followed warehouse safety and operational procedures

EDUCATION

RMIT UNIVERSITY

Bachelor of Engineering (Computer and Network Engineering) (Honours) and Bachelor of Computer Science

2023 - Present

Expected Graduation: End of 2027

TECHNICAL SKILLS

- **Languages:** Python, Javascript, Java, Typescript, C++
- **Web & Software:** React, HTML, CSS, SASS, MongoDB
- **Concepts:** Data Structures, Algorithms, Objected-Oriented Programming, Software Development.
- **Networking:** TCP/IP, Network Fundamentals, SDN (Cisco Packet Tracer, Wireshark)
- **Tools:** Git, VS Code, VIM (NeoVIM)

ACADEMIC HIGHLIGHTS

- **Network Fundamentals & Applications (HD)** - TCP/IP, routing, switching, network troubleshooting, Wireshark, Cisco Packet Tracer, Matlab
- **Machine Learning (HD)** - Data analysis, model evaluation, statistical reasoning, Python
- **C++ Programming Bootcamp & Studio (HD)** - OOP, algorithms, memory management
- **Javascript Programming Studio (DI)** - Web design, SQL, HTML, CSS,
- **Communication Engineering (DI)** - Signal transmission, modulation concepts, communication systems
